

CONTENT CALENDAR 10THOUSANDGIRL 2011-2012

Each month we're focusing on a different topic to share with the 10thousandgirl community – one financial and one 'fun' one. We're looking for content to expand on these topics through:

- Blog posts
- The newsletter articles
- Written interviews with people who may be able to provide insight, inspiration and information on the topic
- Audio podcasts with people who may be able to provide insight, inspiration and information on the topic

As a 10thousandgirl blogger, you may want to write a blog about your perspective, experience or information that others may find useful.

You may even know of someone that may be interested in being interviewed around one of these areas (or you may be interested in being interviewed!). If you have an idea or suggestion please let us know.

We would appreciate your submissions for these topics in the month previous to them being the focus.

Any questions or submission for these topics please email Arienne on Arienne@10thousandgirl.com or phone me on 0403 259 459.

Thank you!
